PUBLIC NOTICE

Illinois law (Lawn Care Products Application and Notification Act) requires all school districts to notify students and staff when lawn care chemicals are being used in or around school facilities.

Please be aware that weed control and fertilization of the lawns at District 201 athletic fields (football, baseball, softball) will take place on Sunday, August 2nd, 2020 weather permitting. In case of inclement weather on the 2nd the alternate spray date will be Wednesday, August 5th.

We are committed to minimizing the use of chemicals for weed control and lawn care, but at times, it is necessary for the proper maintenance of the facility. If you have any questions about the application of the lawn care chemicals, please contact the Director of Buildings and Grounds at (844) 632-5682.
